# DIA SPOT REPORT

#44D

DATE: 16 October 1973

TIME: 1200 EDT

1. (SS) As of 1130Z 16 October there had been no tactical flying activity by Soviet Air Forces in East Germany, Poland, and Czechoslovakia and by the East German and Polish Air Forces. The Czechoslovakian Air Force is active. Weather reports indicate unfavorable flying weather in East Germany and Poland and favorable flying weather in Czechoslovakia. A large low pressure cell is centered in Eastern Europe with associated frontal systems.

COMMENT: The current lack of activity is probably weather associated.
